

Rumpke Waste & Recycling

Rumpke, A Recycling Leader

RECYCLING BEFORE IT WAS POPULAR

Rumpke has been recycling since the 1930s when company founders pulled rags, metals and glass from the waste stream for reuse and recycling. In 1989, Rumpke began offering curbside collection for customers and has steadily expanded that effort to become a recycling leader in the Midwest.

Recycling for All

Today, Rumpke brings reliable recycling services to millions of residents and businesses throughout Ohio, Kentucky and Indiana. Rumpke provides municipal services to more than 500 communities. Cities like Columbus, Cincinnati, Cleveland, Tiffin, North Royalton, Hamilton, Middletown and Covington count on Rumpke to provide their homeowners with single stream curbside recycling services. And organizations like P&G, the Cincinnati Reds, Miami University, University of Dayton, Kings Island and many others count on Rumpke for commercial recycling services.

An Investment Worth Making

Rumpke continues to invest in recycling. In 2023, the company invested more than \$100 million to ensure our plants have the best available technology. Annually, Rumpke's 14 recycling facilities process more than 1 billion pounds of material.

Putting Glass to Good Use

Did you know glass makes up about 14% of the curbside stream of material? While others have discontinued glass recycling programs, Rumpke innovated new technology to convert broken glass into a useable raw material for the home insulation and glass container industries. Today, Rumpke is the only hauler in the country to operate its own glass processing facility. Each month, the glass recycling center processes between 2,500-4,000 tons of glass, keeping it out of landfills and putting it to good use.
